33 The members of the Association shall be allowed reasonable use of school facilities
34 for the purpose of meeting(s).

37 representatives, shall have freedom to post notices of activities and all other printed
38 matters of Association concern on bulletin boards designated for Association use, at
39 least one of which shall be provided by the District in each school building in
40 work/lounge areas frequented by teachers.
41

42 C. The Association, through designated officers and professional staff, shall be accorded
43 freedom to utilize District email and the District's inter-school mail service and shall be
44 granted access to and utilization of teacher mailboxes located at each school site to
45 distribute printed matters of Association concern to all teachers. All such materials
46 sent through District inter-school mail service and/or placed in teacher mailboxes shall
47 be clearly identified with the Association's name on it. The Board shall provide inter-

1 school mail pick-up and delivery service between the Association office and all school
2 sites and administration offices of the District, at no charge to the Association.
3

4 D. Names, complete addresses, telephone numbers, email addresses, job titles and
5 work locations of teachers represented by the Association shall be provided to the
6 Association no later than 30 days after a teacher is hired. Those addresses and
7 telephone numbers formally designated as confidential by individual teachers through
8 the exercise of existing law covering confidentiality of such information shall be

10 each teacher in the bargaining unit shall be provided by the District. The District will
11 apprise the Association of all changes which occur on at least a bimonthly basis.
12

13 E. Upon appropriate written authorization from the teacher, the Board shall deduct from

19 central switchboard to the Association's office faculty. The Board shall charge the
20 Association \$200.00 per school year for this service.
21

22 G. At the beginning of every school year, the Association shall be credited with forty-five
23 (45) days of District paid released-time days to be used by teachers who are officers

34 attend or wish attend if eligible will be avoided whenever possible.
35

36 I. For the term of this Agreement, any teacher other than adult school teacher teaching
37 less than thirteen (13) hours per week, who is not a member of the Association or
38 who does not make application for membership within thirty (30) days of September
39 1st, of each successive school year and thereafter within thirty (30) days of
40 commencement of his/her duties, shall, as a condition of continued employment,
41 either become and remain a member of the Association or pay, via cash or payroll
42 deductions, to the Association a fee in an amount equal to the dues, fees, and

44 provisions by utilization of Government Code Section 3540.1i(2) and Article V.
45

46 J. A teacher who is a member of a religious body whose traditional tenets or teachings
47 include objections to joining or financially supporting employee organizations shall

1 pay a sum equal to the representational fee for members of the Association to one of
2 the following charitable organizations:

- 5 2. Foundation to Assist California Teachers
- 6 3. Christa McAuliffe Institute for Education Pioneering, a component of the National

10
11 The teacher shall submit proof of payment of this sum to the Association within thirty
12 (30) days following his/her first day of employment, or by October 15 of each school
13 year. A teacher who claims an objection under the above shall submit to the
14 Association with thirty (30) days, or by October 15 of each school year, a written
15 statement along with verifiable evidence that he/she is a member of a religious body
16 whose traditional tenets or teachings include objections to joining or financially
17 supporting employee organizations. If a teacher holds such grievance procedure,
18 Article VIII, on his/her behalf, then the Association may charge the teacher for the
19 reasonable cost of using such procedure.

20
21 K. The Association shall not seek to cause the discharge of a teacher for any reason
22 other than his/her failure to tender the dues or service fees provided for in this Article.

23
24 L. Pursuant to such payroll deduction authorization(s), the Board shall deduct 1/10 of
25 such dues/fees from the regular salary check of the teacher each month for ten (10)
26 months. Deductions for teachers who signed such authorization after the
27 commencement of the school year shall be appropriately prorated to complete the
28 payment by the end of the school year. Association members who currently have
29 authorization cards on file for the above purposes need not be re-solicited.
30 Association dues and fees, upon formal request from the Association to the District,
31 shall be increased or decreased with solicitation and authorization from the teachers.

32
33 M. The right of payroll deduction check-off privileges for payment of organization dues
34 shall be accorded by the Board exclusively to the Association, and shall not be
35 accorded to any other organization whose members are part of the bargaining unit
36 represented by this Agreement.

37
38 N. With respect to all sums deducted by the Board pursuant to the authorization of the
39 teacher for membership dues, the Board agrees promptly to remit such monies to the
40 Association along with an alphabetical list of teachers for whom such deductions have
41 been made and to indicate any changes in personnel from the list previously
42 furnished.

43
44 O. The rights and privileges of the Association and its representatives as outlined in this
45 Agreement, excluding Sections B and C of Article V shall be granted only to the
46 Association as the exclusive representative of the teachers, and to no other
47 organizations having District teachers as members.

1 The Association and the District agree that any unit member who is a member of the
2 Association at the time this Agreement becomes effective or who enrolls during the
3 term of the Agreement shall maintain such membership for the duration of this
4 Agreement. This provision shall not deprive any member of the right to terminate her
5 or his membership within the 30-day period following the expiration of the Agreement.
6 If a member who is covered by the maintenance of membership requirement
7 withdraws authorization for dues deduction and/or refuses to provide the Association
8 with a lump sum cash payment of dues for the year, the District shall deduct
9 membership dues as provided in Education Code Section 45601.

10
11 P. Beginning with the 2015-16 school year the Association President may be released
12 one hundred percent (100%) of his/her assignment (at the discretion of the DEA
13 Board of Directors) under the following conditions and procedures:

- 14
15 1. The President shall be released from his/her regular duties in the District. The
16 District shall pay the same salary and fringe benefits he/she would have received
17 without the loss of seniority or other rights and benefits. The District shall return
18 the President to the same teaching position and site at the completion of his/her
19 term in office unless he/she and the District's designee mutually agree upon
20 another school site.
- 21
22 2. DEA additionally agrees that Twenty-Seven Thousand Dollars (\$27,000) shall be
23 allocated to the General Fund of the District from the DEA, to be paid annually
24 within 30 days of receipt of a District invoice.

25
26 Q. No reprisals of retaliation shall be taken against members of the Association for the
27 good faith exercising of their roles, duties, and responsibilities as representatives
28 and/or officers of the Association.

29
30 R. Beginning with the 2017-18 school year, the District will provide DEA access to a new
31 employee orientation. The District will give at least a 10-day notice of a new
32 employee orientation except when the need for orientation is urgent and
33 unforeseeable, and, upon request, must meet and confer with Unions over the
34 structure, time and manner of Union access to orientations. (Govt. Code, § 3556)

35
36
37

42 retains all of its powers, rights, and authority to direct, manage, and control the District, its

29
30
31

32 **ARTICLE VIII ~ GRIEVANCE PROCEDURES**

33
34
35 A "grievance" by a unit member, group of unit members or the Association is a formal
36 written allegation involving an alleged violation, misinterpretation or misapplication of any
37 specific provisions of this Agreement.
38

39 **Informal Level**

40
41 A. Before filing a formal written grievance, the grievant shall attempt to resolve it with an
42 informal conference with the immediate supervisor or, in the Association's case, at the
43 level where the alleged grievance occurred. The grievance shall be presented to the
44 grievant's immediate supervisor or, in the Association's case, to the level where the
45 alleged grievance occurred, within thirty (30) teacher workdays of the time the
46 grievant could have known of the event giving rise to the grievance.
47

1 B. The immediate supervisor in the case of a teacher grievance, or the Administrator
2 dealing with an Association grievance, will give his/her answer to the teacher or the
3 Association, respectively, by the end of the fifth (5) teacher workday or a period
4 mutually agreed to, following the presentation of the grievance. The giving of such
5 answer terminates informal hearings unless both parties mutually agree to meet again
6 on the matter at this level.

7
8 C. At this level, the teacher may, at his/her option, have an Association representative
9 present who may not participate in the discussion except by mutual agreement of the
10 immediate supervisor and the grievant. In the case of an Association grievance,
11 except by mutual agreement, only the Association's designated representative and
12 the appropriate Administrator shall be in attendance.

13
14 Formal Level – Step One

15
16 A. If the grievance is not resolved at the informal level, the grievant may, within five (5)
17 teacher workdays from the date he/she received his/her immediate supervisor's
18 answer or in the Association's case, from the appropriate Administrator, request a
19 formal review by the said Supervisor or Administrator by filing a grievance with the
20 Grievance Officer and the immediate Supervisor on an official District form. The
21 Grievance Officer (designated by the Superintendent) shall provide the forms, if
22 needed, for the submission of the request stating the following information:

- 23
- 24 1. The name of the grievant submitting the grievance.
- 25
- 26 2. The name of the grievant's representative, if any.
- 27
- 28 3. A description of the general and specific grounds of the grievance, including the
29 names, times, places and events.
- 30
- 31 4. The section of the contract upon which the grievance is being filed.
- 32
- 33 5. A statement of steps initiated by the aggrieved to resolve the difficulty, and the
34 decision rendered.
- 35
- 36 6. A listing of the specific actions which the aggrieved unit member desires to
37 remedy the grievance.
- 38

39 Upon receipt of the formal written grievance, the Superintendent shall be notified by the
40 Grievance Officer that a grievance has been filed.

41
42 B. During the formal grievance process, the grievant, if a teacher, shall be entitled to
43 have an Association representative present. This right of representation shall also
44 apply to the immediate supervisor involved. The aggrieved teacher and his/her
45 representative, if any, shall be given at least two (2) teacher workdays notice of the
46 conference and an opportunity to participate. The teacher shall be present at this
47 conference, except that he/she need not attend where it is mutually agreed that no

1 facts are in dispute and that the sole question is one of interpretation of a provision of
2 this agreement.

3
4 C. The Association shall receive copies of all non-confidential documents about the
5 grievance during the formal process.

6
7 D. The immediate supervisor or administrator to whom the formal review is being made
8 shall: (1) hold a conference with the grievant within seven (7) teacher workdays after
9 receiving the appeal; (2) obtain additional information as he/she deems appropriate,
10 and (3) within seven (7) teacher workdays after the conference with the grievant,
11 summarize his/her findings and his/her decision in writing, and submit copies to the
12 aggrieved party (individual or Association), the Association, and the Grievance
13 Officer.

14
15 Formal Level – Step Two ~ Superintendent

16
17 A. If the grievance is not resolved at the Formal Level – Step One, the grievant may,
18 within five (5) teachers workdays of receipt of a response from the immediate
19 supervisor, appeal in writing on the appropriate form to the Superintendent or
20 designee. The written appeal shall include a copy of the original grievance, the
21 decision rendered at previous steps, and a clear, concise statement of the reason for
22 the appeal.

23
24 B. The Superintendent or designee shall render a decision within ten (10) teacher
25 workdays after receiving the appeal. Either the grievant or the Superintendent or
26 designee may request a personal conference within the time limits allowed. Either
27 party may have a conferee present.

28
29 Formal Level – Step Three ~ Board of Education

30
31 A. If within five (5) teacher workdays from the day of the receipt of the decision at Formal
32 Level – Step Two, the grievant is dissatisfied with the decision, he/she may appeal to
33 the Board of Education.

34
35 B. At their respective requests, the aggrieved party (individual or Association), the
36 Association, the representative of the grievant's own choosing, the parties named in
37 the grievance, the immediate supervisor and/or the Superintendent and/or designee
38 shall be permitted to make statements to the Board of Education at the meeting when
39 the matter is reviewed. At the grievant's option, the hearing shall be heard in
40 executive session.

41 C. The Board of Education shall render its decision within twenty (20) teacher workdays
42 of the receipt of the appeal.

43
44 Formal Level – Step Four ~ Arbitration

45
46 A. If the grievance is not resolved at Formal Level – Step Three, the grievant may
47 request that the Association submit the grievance to arbitration. No grievance shall be

1 submitted to arbitration without a prior formal approval of the Board of Directors of the
2 Association. The grievant shall make such request to the Association with seven (7)
3 teacher workdays after receiving the Formal Level – Step Three decision. The
4 Association shall notify the Superintendent within seven (7) teacher workdays after
5 receipt of the request from the grievant that the grievance has been submitted to
6 arbitration.
7

8 B. The Association and the Superintendent or designee shall attempt to agree upon an
9 arbitrator. If no agreement can be reached within five (5) teacher workdays, they shall
10 request that the California State Conciliation Service supply a list of five (5) names of
11 persons who are experienced in arbitration.
12

13 C. Within five (5) teacher workdays after receipt of the list of names, each party shall
14 alternately strike names until only one name remains. The order of striking will be
15 determined by the flip of a coin.
16

17 D. The fee and expenses of the arbitration shall be borne equally by the Board and the
18 Association. All other expenses shall be borne by the party incurring them, and
19 neither party shall be responsible for the expense of the witnesses called by the other,
20 except for release time as provided by law.
21

22 E. It shall be the function of the arbitrator to make an award that will be final and binding
23 on the parties. The arbitrator shall have no power to add to, subtract from, disregard,
24 alter or modify any of the terms of the Agreement, or to require the commission of an
25 act prohibited by law. The arbitrator shall be restricted from making an award that is
26 not based upon violation or inequitable application of this Agreement, nor shall the
27 arbitrator make an award based upon an incident that occurred prior to the effective
28 date of this Agreement or prior to the start of the payroll period in which the event(s)
29 giving rise to the grievance occurred.
30

31 F. Any denial of the grievance by the District on the grounds that it is not a grievance,
32 i.e. the grievance is not within the definition of a grievance or the grievance was not
33 filed on a timely basis, shall be ruled upon by the arbitrator. If the arbitrator rules that
34 the issue is a grievance, the matter shall be returned to Formal Level - Step Two. The
35 arbitrator shall be automatically excluded from the ruling on the merits of the claim
36 should it eventually reach Level Four, unless the District and the Association mutually
37 agree in writing to the contrary.
38

39 G. The arbitrator may hear and determine only one grievance at a time unless the
40 District agrees otherwise. However, both parties will, in good faith, endeavor to handle
41 in an expeditious and convenient manner cases which involve the same or similar
42 facts and issues.
43

44 Governing Regulations

45

46 A. A grievant may be represented at all stages of the grievance by an Association
47 representative(s).

- 1 B. All records, including documents and communications related to the procession of the
2 grievance, shall be filed by the Grievance Officer separate from personnel files. At the
3 conclusion of the case, all data shall be sealed; access to the data shall be authorized
4 by the Grievance Officer only with the consent of the parties involved.
5
- 6 C. No teacher shall suffer reprisals or reduction in status as a result of having presented
7 a grievance or having represented or having been a witness for a teacher concerning
8 a grievance.
- 9 D. Nothing contained herein will be construed as limiting the right of any teacher alleging
10 a grievance to discuss the matter informally with any appropriate member of the
11 administration or to have the grievance adjusted without intervention of the
12 Association, provided the adjustment is not inconsistent with the terms of the
13 Agreement and that the Association has been given an opportunity to be present at
14 such adjustment and to share its views.
15
- 16 E. Failure at any step of this procedure to communicate the decision on a grievance
17 within the specified time limits shall permit the aggrieved teacher to proceed to the
18 next step. Failure at any step of this procedure to appeal a grievance to the next step
19 within the specified time limits shall be deemed to be acceptance of the decision
20 rendered at that step. The time limits specified in any step of this procedure may be
21 extended, in a specific instance, by mutual agreement.
22
- 23 F. Time limits begin the day following the filing of the grievance, the reply to the
24 grievance, the holding of a conference, the receipt of a reply to a conference, etc.
25
- 26 G. The parties may mutually agree to utilize expedited arbitration procedures.
27

29

30 **ARTICLE IX ~ HOURS OF EMPLOYMENT**

31
32

- 33 A. The length of the teacher's workday shall be structured and directed on an equitable
34 basis by the immediate administrator. The teacher's instructional day starts thirty (30)
35 minutes before the start of the school day and is governed by their professional
36 responsibility rather than by a fixed ending time. On early out days, teachers are
37 required to stay to the end of a typical student day. Professional responsibilities
38 include, but are not limited to, providing classroom instruction; planning, selecting and
39 preparing materials; evaluating work of pupils; analyzing, interpreting, and
40 documenting student achievement; providing leadership for organizations and
41 activities; participating in meetings; collaborating with colleagues; and conferencing
42 with students, parents, administrators, and other staff members. The time provided for
43 early dismissal schedules and pupil-free days are utilized for professional
44 responsibilities on campus as defined above.
45

- 1 B. The District shall have the option of varying the starting and ending times of the
2 teacher's workday at any school site by up to a maximum of 15 minutes, so long as
3 the total teacher workday does not exceed seven and one-half (7.5) hours.
4
- 5 C. Middle and high school teachers shall be assigned five (5) teaching periods per
6 school day. High school and middle school teachers may volunteer to teach a zero (0)
7 period before school or a seventh (7th) period after school and have their consecutive
8 seven and one-half (7.5) hour workday adjusted accordingly. Each school site
9 implementing this program shall develop a site-specific plan, subject to approval from
10 DEA and the District that shall cover the teacher workday, attendance at faculty
11 meetings, and administrative services and support in connection with the utilization of
12 this provision.
13
- 14 D. If a teacher voluntarily accepts the assignment of classes requiring more than three
15 (3) subject preparations, said teacher shall formally state such willingness in written
16 form. This may be accomplished through the use of a written form or document at
17 each school site that specifically includes a section that clearly establishes whether
18 the assignment of a schedule requiring more than three subject preparations is
19 undertaken by the teacher on a voluntary or involuntary basis. A copy of that form or
20 document shall be forwarded to the office of the Downey Education Association by
21 the site administrator no later than the end of the first school month. A subject
22 preparation is defined as any situation in which the teacher must specifically prepare
23 lessons, lectures, tests or other activities, for any class having a different course title
24 or different identified ability levels within a course title. If a teacher is assigned
25 involuntarily more than three subject preparations in any one school year, he/she
26 shall not be assigned involuntarily more than three subject preparations in the next
27 two school years. Recognizing the unique needs of continuation education, Columbus
28 High School shall be exempt from this provision.
29
- 30 E. Full-time middle and high school classroom teachers shall be assigned a preparation
31 period equivalent in length to a teaching period within the six-period day. For the
32 purpose of state testing, the preparation periods may be modified. Teachers shall not
33 be required or allowed to utilize assigned preparation periods for any purpose not
34 specifically allowed/recognized in the definition of the stated purpose of "preparation
35 period" contained in Article IV of this Agreement or as specified otherwise in this
36 Agreement.
37
- 38 F. Full-time elementary classroom teachers teaching grades four (4) and five (5) shall be
39 allocated 150 minutes per week, in blocks of time no less than 50 minutes each. One
40 hundred minutes of preparation time shall be provided each week within the student
41 instruction day totally supervised and graded by one or more traveling teachers
42 specifically hired by the District to provide such service. Once per week, on a
43 standardized basis per school site (same day per school each week), each 4th and 5th
44 grade teacher's students shall be sent home, on a modified day, 50 minutes prior to
45 the end of the normal student instruction day to provide their respective 4th and 5th
46 grade teachers 50 minutes of additional preparation time following the end of such
47 modified student instructional day to begin the first full day of instruction and continue

1 through the last full day of instruction. On such modified days when students are sent
2 home 50 minutes early to provide preparation time, no school site administrator shall
3 hold/allow any school meeting for the school's certificated staff, as provided in Section
4 I Article IX of the Master Agreement. Full-time elementary classroom teachers
5 teaching grades TK, K, 1, 2 and 3 shall be guaranteed thirty (30) minutes for
6 preparation purposes immediately following each non-modified student instructional
7 day. During this half-hour block of time, no administrator shall mandate any
8 requirement, schedule or hold any meetings, or require any form of duty that will
9 impact adversely on the primary teacher's right to have the full thirty (30) minutes
10 preparation time set aside exclusively for his/her respective preparation.
11

12 G. A full-time teacher shall be assigned one daily, thirty-five (35) minute, duty-free,
13 uninterrupted lunch period, including passing time. Any teacher may, on a strictly
14 voluntary basis, offer to provide student supervision to the District during his/her
15 assigned lunch period at an established hourly rate of pay of not less than the rate
16 paid for "Other Hourly" services enumerated in Appendix A of this Agreement. A
17 respective school site principal shall solicit said voluntary service for up to one
18 semester at a time. The Principal shall make a good faith effort to rotate lunch
19 supervision among all volunteers based upon need, funds, availability of volunteers,
20 and the quality of supervision demonstrated by those who volunteer.
21

22 H. Attendance of teachers at principal-scheduled faculty meetings and professional
23 development activities shall not extend beyond eight (8) hours from the start of the
24 teacher's workday. Such extended-day meetings shall be limited to one (1) day per
25 any school week or portion thereof, to attend any administratively called faculty
26 meeting, grade level or department meeting, Professional Learning Committee (PLC)
27 meeting, or any other in-service or training activity. Administrative called meetings the
28 week of Back to School Night, Open House and the week Report Cards are due shall
29 not extend beyond the 7.5-hour workday. No afterschool meetings shall take place
30 on the day before a holiday.
31

32 A school with an adjusted schedule shall hold their meetings on the designated
33 meeting day unless mutually agreed to by the District and Association.
34

35 I. Administrators shall make a good faith effort to provide at least a twenty-four (24)
36 hour notice before calling any District, faculty, department, or grade level meeting,
37 except as required. In the case of an emergency, the twenty-four (24) hour notice may
38 be waived.
39

40 J. Elementary, middle and high school teachers shall be relieved of supervision duty as
41 a regular assignment. However, if the District is unable to provide student supervision
42 as required by Title 5, Section 5551 and 5552, without the use of bargaining unit
43 members, the following process shall be utilized to provide such supervision:
44

45 1. The site administrator shall ask for volunteers to provide the necessary student
46 supervision and those volunteers shall be paid at the hourly rate as established in
47 Appendix A.

1 2. Should an insufficient number of individuals volunteer, then all members of the
2 certificated bargaining unit at that site shall be placed on a supervision schedule
3 that equitably distributes the required supervision. These individuals shall be paid
4 at the hourly rate established in Appendix A.

5
6 Teachers may voluntarily provide student supervision at an hourly rate provided
7 in Appendix A.
8

9 K. No teacher shall be compelled to attend any school-sponsored night meeting past
10 9:00 p.m. No teacher shall be required to attend more than two (2) school-sponsored
11 night meetings per school year other than on a voluntary basis. This provision shall
12 not be construed to cover teachers assigned to perform paid extra-duty assignments.
13 If a teacher misses either scheduled school-sponsored night meetings (Back to
14 School Night or Open House), they will be required to submit a 2.5-hour Absence
15 Affidavit.
16

17 L. Members of the bargaining unit may be assigned adjunct duties on a reasonable and
18 equitable basis consistent with past practices.
19

20 M. Members of the bargaining unit are entitled to relief breaks in the morning and
21 afternoon. No teacher shall be expected to instruct or supervise students for more
22 than two (2) hours and twenty (20) minutes without a relief break.
23

24 N. With respect to various meetings required by Federal and State Regulations
25 governing individualized education programs for special education students and for
26 meetings held about students who may qualify under Section 504 of the Rehabilitation
27 Act of 1973, the following shall apply:
28

29 1. The District shall make a good faith effort to schedule such meetings during daily
30 work hours rather than at night.
31

32 2. The District shall schedule the meetings in such a way as to minimize the time
33 demand on teachers including: scheduling of several such meetings on the same
34 day, during release time, on a minimum day, on a voluntary basis acceptable to
35 the teacher, and/or for a paid rate equivalent to the current day-to-day substitute
36 rate at a Saturday meeting scheduled by the District.
37

38 3. The District will make a good faith effort to rotate the attendance of general
39 education teachers at IEP meetings, as determined by the site administrator. The
40 site administrator will maintain the practice of identifying general education
41 teachers who work with the particular student and/or who can speak to the
42 progress and programming options for the students.
43

44 4. Classroom teachers may elect, but shall not be required, to be the IEP
45 Administrative Designee before or after school and during their preparation
46 period. The District shall provide substitute teacher coverage for the class(es) of
47 any teacher required to attend a District or site administrator-sponsored or

1 approved meeting/activity during the time the teacher would normally be teaching
2 a class(es).
3

4 O. The District shall make a reasonable good faith effort to hire regular substitute
5 teachers when classroom teachers are absent through no cause created by the
6 District or approved in advance by the District. If, however, the District is unable to
7 find a day-to-day substitute for an absent teacher whose absence is not caused or
8 approved in advance by the District, the principal of the school in question shall ask
9 for a volunteer(s) to cover the absent teacher's class(es). Volunteers shall be paid at
10 the end of each semester on the following basis:
11

12 1. At the Middle and High School level, the volunteer teacher(s) shall receive one-
13 fifth of the pay of the daily long-term substitute rate per period taught. At least
14 fifteen (15) minutes of time per period must be spent substituting before pay will
15 be provided for that period.
16

17 2. At the Elementary School level, the volunteer teacher shall be paid when no
18 substitutes are available. The students from the absent teacher's class shall be
19 equitably distributed among no more than five (5) volunteers appointed by the
20 principal. The teacher volunteer(s) receiving the students shall equally divide the
21 prevailing long-term substitute rate of pay, computed on an hourly basis (with the
22 hourly rate being one-fifth of the daily long-term rate). At least fifteen (15) minutes
23 of the time must be spent substituting before pay will be provided. In no instance
24 will the total substitute pay paid to teachers receiving students (because of the
25 absence of one teacher) exceed the daily long-term substitute pay rate.
26

27 3. In the case where no one or an insufficient number of teachers volunteer under
28 either Section 1 or 2 above, a teacher or teachers shall be appointed by the
29 principal to provide substitute coverage, on an equitable basis, and on the same
30 pay basis as enumerated for volunteers above.
31

32 P. The calendar for each school year falling within the term of this Agreement will be
33 posted on the District web.
34

35 Q. For parents who are unwilling to attend elementary parent conferences within the
36 regular teacher workday, the teacher shall have the discretion as to whether a
37 conference will be held beyond the regular teacher workday.
38

39 R. An 80% middle/high school teaching assignment shall be defined as four (4)
40 instructional periods exclusive of a preparation period. Approval for an 80% teaching
41 assignment shall be first determined by the site principal/supervisor. Full medical and
42 health benefits will be provided to any teacher participating in an 80% teaching
43 assignment.
44

45 S. Less than full-time teaching positions shall be reviewed on an annual basis. Teachers
46 shall be notified by April 30 of their employment status for the upcoming school year.
47

1 T. PERMITTING ADDITIONAL PERIOD OF INSTRUCTION BY FULL-TIME MIDDLE
2 AND HIGH SCHOOL TEACHERS
3

- 4 1. The Association and the District have agreed that, in certain situations, bargaining
5 unit members at the middle and high school level may teach an additional period
6 beyond the normal five (5) periods of instruction as established on Contract Article
7 IX, Section G, and be compensated at an additional eighteen percent (18%) of the
8 individual's salary. The District and the Association further agree that this
9 provision shall not be utilized to replace or eliminate teaching positions, and the
10 District shall determine the staffing ratio for each middle and high school and
11 shall make an effort to fill all open positions with appropriately credentialed
12 teachers. Should the need for additional periods of instruction still exist once a
13 site is fully staffed, then the District and Association agree that a limited number of
14 additional periods may be offered under this section. The utilization of this
15 provision shall be limited to the procedures and restrictions established in this
16 section.
17
- 18 2. The Association and the District mutually agree that this program is to address a
19 critical need in the District and does not represent an attempt to eliminate or
20 diminish the need for teachers to have a preparation period within the workday.
21
- 22 3. No unit member shall be required to teach an additional period; participation in
23 such arrangements shall be entirely voluntary.
24
- 25 4. Non-Permanent teachers shall not normally be utilized to teach an additional
26 period. Should a school site wish to have a nonpermanent teacher teach an
27 additional period, it will require the approval of the Association and the
28 Superintendent or the Superintendent's Designee.
29
- 30 5. Selection of bargaining unit members for teaching an additional period shall be
31 based on the following selection priority ranking.
32

33 First offer of position based on:
34

- 35 a. seniority with the department.
36
37 b. recency of experience.
38

39 Second offer of position based on:
40

- 41 a. school site seniority and subject matter competency.
42

43 Third offer of position based on:
44

- 45 b. District seniority.
46

47 After the first five (5) weeks of the semester or trimester have passed, should the
48 need for additional periods arise, the site administrator may offer the assignment
49 of an additional period to an individual teacher who has the appropriate credential

1 and period opening so as not to disrupt the established schedules of the other
2 teachers and students.
3

- 4 6. Assignment of an additional period of instruction shall be based on need. After a
5 teacher has served in an extra period assignment, additional assignments may be
6 offered to the next teacher in seniority ranking in the department to provide equity
7 to all permanent teachers who choose to be considered for an extra period
8 assignment. A current satisfactory evaluation of regular teacher performance is
9 required for additional period instruction (examples: no U, TIP recommendation or
10 TIP Participation; except in the case of self-referral). A teacher whom is not
11 teaching due to an extended absence or leave, shall not be entitled to earn the
12 additional pay of 18% during their absence.
13

14 The following positions are not eligible for extra period assignments:
15

- 16 a. EL Coordinator
17 b. Title I Coordinator
18 c. Activities Director
19 d. Athletic Director
20 e. Resource Teacher
21 f. Librarian
22 g. Testing Coordinator
23 h. Counselor (excluding Columbus High School and only when there is no
24 eligible teacher)
25

- 26 7. Payment for the additional period shall be included in the bargaining unit
27 member's regular monthly paycheck at the conclusion of the first month of service
28 under this provision.
29
30 8. It is the intent of this program to assign appropriate credentialed and EL
31 authorized teachers for openings as they arise so as not to disrupt the established
32 schedules of the other teachers and or students.
33
34 9. The District shall report to the Association at the end of the fifth (5th) week of each
35 semester the number of additional period offerings at each middle and high school
36 in the District.
37

38 U. JOB-SHARE OR SHARED EMPLOYMENT CONTRACT
39

- 40 1. Job sharing shall refer to two (2) permanent unit members on regular contracts
41 sharing one (1) teaching assignment. Two (2) unit members may share an
42 assignment for a minimum of one (1) year. Job applications for a job-sharing
43 assignment for the following school year shall be filed with the District no later
44 than March 1. Applications shall not be denied except for just cause and such just
45 cause shall be reduced to writing in the case of the denial of an application to
46 participate in a job-sharing arrangement. Notwithstanding other provisions of this
47 Agreement, job-sharing unit members' wages, benefits, and paid leaves shall be
48 prorated relative to the actual time worked. In no event shall the amount of health

1 and welfare benefits for the job-sharers exceed the amount the District would
2 have paid if the position had not been shared. Also, each unit member shall
3 advance a one-half step on the salary schedule for each year of teaching under a
4 job-share assignment only if each unit member works at least 50% of a full
5 contract.

- 6
- 7 2. Unit members entering into a job-share arrangement shall complete the
8 Certificated Partnership Teaching Agreement mutually developed by the
9 Association and the District.
- 10
- 11 3. Upon the request of the two permanent bargaining unit members, a job-sharing
12 assignment may be renewed provided the two (2) unit members notify the District
13 before March 1. In the event the two-unit members fail to notify the District to
14 continue the job-sharing assignment, or in the event the District does not approve
15 the continuance of the assignment, the unit members shall be returned to full-time
16 assignments. If no site opening exists, the less senior unit member shall be
17 involuntarily transferred.
- 18
- 19 4. To be eligible to participate, both employees in the job share should be a
20 permanent (tenured) employee.
- 21
- 22
- 23

24 **ARTICLE X ~ COMMITTEES**

25

26

27 A. Faculty Liaison Committees:

31 assigned to each respective school site. Liaison Committee members shall be elected
32 by a majority, secret ballot vote of all unit members assigned to each school site,
33 following an open nomination process.

41 The elected Faculty Liaison Committee shall work collectively with the site principal to
42 remedy issues of concern the problems brought to the Faculty Liaison Committee's
43 attention by unit members or the site principal. The Faculty Liaison Committee
44 structure shall be used by unit members and the site principal to effectively enhance
45 participation, interaction, communication and the use of collaborative teamwork, to
46 address all issues of concern on the site.

47

1 If the issue remains unresolved, either the Association or District may elect to forward
2 the issues remaining to the Association President or designee and the District
3 Superintendent or designee for further consideration.
4

5 Site principals shall meet with Faculty Liaison Committees on a regular basis and
6 shall make reasonable good faith efforts to work collaboratively with such committees
7 to effectively resolve all issues of concern at their site.
8

9 **B. Special Education Monitoring Committee:**

10
11 The Association and the District agree to establish a Special Education Monitoring
12 Committee to provide ongoing monitoring of the special education programs. This
13 committee shall consist of one representative selected by the Association from each
14 of the specific special education programs/disciplines offered in the District. It shall
15 include at least one representative from each of the following programs: Speech-
16 Language Pathologist, Special Day Class Programs (each subdivision thereof),
17 Resource Specialist Programs, Adaptive Physical Education, and any other program
18 that falls under the general title of Special Education.
19

21 the Special Education Program. This shall include the review of caseloads, changes
22 in forms of paperwork, scheduling of students, and other items that the District of
23 Special Education and the Committee members may choose to discuss. This group
24 may make recommendations to the District and the Association on appropriate
25 strategies to address the issues and concerns specific to the District's Special
26 Education Programs.
27

33 the elementary, two (2) from the middle school, two (2) from the high school; two (2)
34 from special education; four (4) site administrators and four (4) District administrators.
35

36 By May, the professional development committee will develop a professional

- D. The counselor salary computation shall be calculated with the rates established in Appendix A and the following formula:

5 five (35) minute lunch period. The length of the psychologist’s workday shall be
6 structured and directed on an equitable basis by the immediate administrator. The

8 when they are required to provide support to school sites or district within the scope of
9 their essential functions that may extend beyond the eight (8) hour workday when
10 deemed necessary by the principal or designee for the safety and well-being of
11 students. If an emergency mental health issue arises, the psychologist will stay until

- 13 2. Psychologist will be evaluated by the Special Education Director with input from the
14 site administrator using existing district evaluation forms.

42 read the material. The teacher shall acknowledge having read such material in
43 advance by affixing his/her signature or by the signature of a witness if the teacher
44 refuses to sign on the actual copy to be filed. Such signature does not indicate
45 agreement with content.
46

2 effort to verify the accuracy of the material and to determine that the material has a
3 factual basis.

35 The approval of the Superintendent or designee is required before a transfer can
36 occur.
37

38 Teacher-requested transfers shall be granted before hiring new employees when the
39 training, experience and abilities of the requesting unit member match the vacant
40 position's job specifications.
41

- 42 B. Teacher-Requested Transfer:

1 Appropriate forms shall be available at the Certificated Human Resources Office
2 and from each building principal's office. Individual transfer requests must be
3 submitted to Certificated Human Resources before April 15. If any provision of this
4 Article or any application thereof to any member of the bargaining unit is held to
5 be contrary to the law, such provision shall be invalid, and the part that was
6 determined to be invalid will be rewritten by the Association and the District in a
7 cooperative manner to comply with current law. Once the determination has been
8 made that the Article was invalid, the two parties will meet within 30 calendar days
9 to correct the Article to comply with current law.

- 20 where the transferee is to be placed.
- 21 f. If the above criteria are approximately equal, then first preference in transfer

- 23 vacancies that occur after April 15 of the current school year prior to the
- 24 school year in which the transfer would become effective, all qualified internal
- 25 applicants who apply for a vacant position at a specific school site shall not be
- 26 granted priority over external applicants who apply for a vacant position at a
- 27 specific school site. If no external candidate applies for a vacancy at a specific
- 28 school site, the same procedures for voluntary transfers shall apply.
- 29
- 30
- 31
- 32
- 33
- 34
- 35
- 36 2. The Certificated Human Resources Office shall record the request and

- 42 the subsequent school year shall be posted on a bulletin board in workrooms or
- 43 lounge areas frequented by teachers at each site.
- 44

- 47 either their present assigned school site or another site.

- 1 5. Those teachers whose requests are on file on or before April 15 shall be given
2 consideration for all vacancies before out-of-District applicants are considered or
3 placed.
4
- 5 6. A request for transfer may be withdrawn by the teacher at any time before the
6 appointment.
7
- 8 7. A permanent teacher shall not be required to state reasons for requesting the
9 transfer. The filing of a request for transfer is without prejudice to the employee
10 and shall not jeopardize his/her present assignment.
11
- 12 8. Vacancies that occur during the school year may be filled without utilizing the
13 posting procedures.
14
- 15 9. By June 1, all transfers for the ensuing school year shall be completed. All unit
16 members shall be notified in writing as to the results of their transfer requests by
17 July 25.
18
- 19 10. After receiving a voluntary transfer, a teacher must remain at the new site for a
20 minimum of two (2) years unless an additional transfer is mutually agreed upon by
21 both the unit member and the District.
22

39 District that his/her assignment is in violation of certification requirements)
40
 - 41 e. Performance renewal (the District may involuntarily transfer a teacher once
42 per any three (3) year period, in order to improve his/her performance, if
43 deficiencies in performance have been properly reflected in the official written
44 evaluation of the teacher, and the rating administrator has made a good faith
45 effort to properly assist said teacher improve his/her performance through the
46 implementation of a bona fide Remedial Action Plan, as provided for in Article

The teacher must properly box and label materials to be moved. The District shall complete such move at least one (1) workday before the teacher begins the new assignment.
 4. Except for transfer for reasons 1(d) and 1(e) above, when an involuntary transfer is deemed necessary, then the following shall occur:
 - a. Volunteers will be sought before utilizing involuntary transfer
 - b. The teacher(s) under consideration for involuntary transfer shall be notified
 - c. Within five (5) working days of the notification, the unit member may request and will be granted a meeting with the Superintendent or his/her designee to discuss and consider alternatives to the proposed transfer. Upon written request, the teacher shall receive written reasons for the transfer. Such requests shall be made within five (5) workdays of receipt of the request.
 - d. All unit members being involuntarily transferred shall have first preference for available vacancies. When a choice of vacancy is possible, teachers may indicate an order of preference.
 - e. The Superintendent's determination of which teacher shall be involuntarily transferred shall be based upon the following factors:
 - Credentialing requirements
 - Major/Minor field of study
 - Previous experience in the grade/subject area where the transferee is to be placed
- If the above criteria are approximately equal, then the teacher under consideration with the least amount of seniority in terms of service to the District shall be transferred.
5. A reassignment is a change in the current assignment within the same school. Before making a reassignment, the principal shall discuss the reassignment with the teacher as early as possible.
 - a. Should a reassignment at the elementary level require a change of rooms or grade level, the principal will make provisions for the movement of the unit member's materials. If the reassignment is made after the start of the current

1 school year, two (2) instruction free days shall be made available before
2 beginning the new assignment, upon the request of the teacher.
3

4 b. Should relocation, at any level, occur after the beginning of the school year,
5 two (2) instruction free days shall be made available before beginning the new
6 assignment, upon request of the teacher.
7

8 c. If it is determined that a TOSA shall return to the classroom, they shall:
9

- 10 • Have an opportunity to select from any classroom vacancy for which they
11 are appropriately credentialed.
12
- 13 • Assume all special assignments and adjunct duties associated with
14 classroom vacancy they fill for a minimum of three (3) years unless
15 mutually agreed otherwise.
16
- 17 • Have an opportunity to select from any classroom vacancy that has been
18 posted by Human Resources (including those held by temporary contract
19 teachers).
20
- 21 • If there are multiple TOSAs who meet the above criteria, priority will be
22 given based on seniority.
23

24 D. Teachers involuntarily transferred during the school year to different grade levels of
25 instruction or subjects shall be granted a reasonable time to prepare for the new
26 assignment, not to exceed two (2) days.
27

28 E. Teachers with the same initial date of service shall have their length of service
29 established by lot. The District shall conduct a lottery in a fair, equitable and
30 reasonable manner. The District shall provide the Association with a current copy of
31 this seniority list upon request.
32

33 F. Transfer Necessitated by School Closure:
34

35 If a school(s) is closed, teachers affected by such closure shall be accorded priority
36 for filling vacant positions at the school(s) where students from the closed school(s)
37 are being placed (receiving schools), subject to the following conditions:
38

39 To satisfy the conditions cited herein, the District shall identify the number of vacant
40 positions which exist at the receiving schools.
41

42 Unit members affected by a closure of a school(s) may elect to request a voluntary
43 transfer in accordance with the voluntary transfer provision(s) of this Article or to
44 follow the students that normally would have been at the closed school in the
45 succeeding school year.
46

1 A teacher who fails to be placed as a result of electing to follow the students that
2 normally would have been at the closed school in the succeeding year shall have
3 priority over those unit members requesting voluntary transfers not resulting from a
4 school closure. If the teacher elects to follow the students, the following procedure
5 shall apply:
6

- 7 1. Unit Members shall submit a priority ranking of up to three (3) schools to which
8 they desire to be assigned.
9
- 10 2. If the District requests the priority ranking during the regular school year, then the
11 unit member shall return the ranking to the District within five (5) days from the
12 request.
13
- 14 3. If the priority ranking request is to be made by the District during the summer
15 months, the District shall mail the request to the unit member's mailing address of
16 record with the District. The priority ranking shall be returned by the unit member
17 to the District within fifteen (15) days of the date of mailing. Teachers are
18 encouraged to submit summer mailing addresses to the District and DEA.
19

20 G. Transfer Necessitated by School Opening:
21

22 If a school(s) is opened, teachers affected by such opening shall be accorded priority
23 for filling vacant positions at the school(s) subject to the following conditions:
24

- 25 • To satisfy the conditions cited herein, the District shall identify the number of
26 vacant positions which exist at the schools being open.
27

28 Voluntary
29

31 being transferred to the opening school(s) may elect to request a voluntary transfer in
32 accordance with the regular voluntary transfer policy. If they are not placed at the
33 opening school(s), they shall have priority for filling vacant positions at other schools
34 within the District.
35

36 Involuntary
37

38 If sufficient voluntary transfers are not obtained from the affected staffs, employees
39 with the least District seniority will be transferred. If they are not placed at the opening
40 school(s), they shall have priority for filling vacant positions at other schools within the
41 District.

1 H. Transfer to Non-Teaching and Non-Administrative Positions Contained Within the
2 Bargaining Unit:

3
4 The following procedures shall be observed in filling non-teaching and non-
5 administrative vacancies:

- 6
7 1. If sufficient qualified candidates are available within the District, a vacancy notice
8 will be posted in each school. If candidates outside the District are solicited,
9 vacancies will be listed in college and or other professional placement offices.
- 10
11 2. Each applicant shall be expected to present to the Certificated Human Resources
12 Office the materials requested in the vacancy notice for making applications and
13 verifying qualifications for the vacant position.

21 4. Selection will be based upon the evaluation of application materials, references
22 and personal interviews.

25 candidate to the Superintendent who will, if he/she approves, present the
26 nomination to the Board of Education for approval or ratification.
- 27
28 6. The Certificated Human Resources Office shall make the offer of employment.

- 32
33
34

35 **ARTICLE XVIII ~ LEAVES**

- 36
37
38 A. The leave benefits specified herein shall apply to all regular contract unit members.
39 Adult school teachers shall be granted certain leave benefits in accordance with
40 Article XXI.
- 41
42 B. "Paid Leave of Absence" means that a teacher shall be entitled (a) to receive wages
43 and all fringe benefits, including but not limited to insurance and retirement benefits;
44 (b) if less than one semester, to return to the same assignment which he/she enjoyed
45 immediately preceding the commencement of the leave; and (c) to receive credit for
46 annual salary increments provided during his/her leave.
- 47

1 C. Provisions Applicable to All Leaves:
2

3 A leave of absence is an extended absence from duty for a set period of time
4 authorized by the Board of Education.
5

6 Leave of absence shall be granted to permanent unit members only, except that
7 probationary unit members may be granted a leave of absence for maternity reasons,
8 and/or other reasons which may be included under the final paragraph of this Section.
9

10 The term "certificated teachers" includes all teachers whose assignments require a
11 California Public School certification and are included in the teacher bargaining unit.
12

13 Leaves shall not exceed one (1) year in duration, although extensions may be granted
14 at the discretion of the Board of Education.
15

16 Written requests for leaves of absence shall be routed for approval or disapproval
17 through the unit member's immediate supervisor, or principal. The request must
18 specifically state the reason for the request and the duration of time desired. The
19 Assistant Superintendent, Certificated Human Resources shall present the request to
20 the Superintendent for presentation to the Board with a recommendation for approval
21 or disapproval, giving reasons for such recommendation.

22 Teachers given leaves of absence shall sign an agreement that the Board will be
23 given written notice of their intention to return at least two and one-half (2.5) months
24 before the termination date of the leave.
25

26 Failure to notify the Board shall be deemed to constitute a resignation on the part of
27 the unit member; such resignation may be accepted by the Board at any time within
28 twenty (20) days after the due date of the required notification by the unit member.
29 The Assistant Superintendent, Certificated Human Resources will remind the unit
30 member of his/her obligation by certified letter at least ten (10) days before the notice
31 is due.
32

33 Upon expiration of the leave, the unit member shall be assigned to a position as
34 similar as possible to that held when the leave was granted.
35

36 A leave of absence granted to a probationary teacher shall not affect the continuity of
37 service required for tenure, nor shall it affect the tenure status of permanent teachers,
38 except as provided in Sections 44975 and 44908 of the Education Code.
39

40 Time spent on leaves of absence without pay shall not count toward salary step
41 advancement nor for fringe benefit accrual, except as herein provided, and may affect
42 any early retirement benefits that the employee is entitled to.
43

44 Other requests for necessary or voluntary leave for reasons not specified in these
45 regulations will be considered by the Board from the standpoint of value to the
46 District, urgency of the request and the employment record of the person making the

1 request. Leave sought for personal convenience or pleasure of the unit member may
2 be granted without pay or denied.

3
4 D. Provisions Applicable to All Absences:

5
6 When an absence requires substitute service, unit members are to enter their
7 absence in Aesop as soon as possible, but no later than 7:00 a.m. on the day of the
8 absence. If no substitute service is necessary, unit members who will be absent are to
9 enter their absence in Aesop specifying "no substitute required" and must notify their
10 immediate supervisor no later than 7:45 a.m. on the day of the absence.

11
12 1. Health Leave

13
14 An application for leave of absence for reasons of personal health, in excess of
15 time for which sick leave benefits are due, should be supported by the written
16 recommendation of a licensed physician or health practitioner.

17
18 2. Military Leave

19
20 The Board of Education will grant a leave of absence to permanent and
21 probationary teachers for the duration of active military service as defined in the
22 California Education Code, subject only to the presentation of satisfactory
23 evidence of physical and mental fitness to serve the District on return from military
24 service. Such absence shall not affect in any way the classification of the teacher.
25 In the case of a probationary teacher, the period of such absence shall not count
26 as a part of the service required as a condition precedent to the classifying of
27 such teacher as a permanent teacher of the District, but such absence shall not
28 be construed as a break in the continuity of the service of such teacher for any
29 purpose.

30
31 Certificated personnel who are members of an active military reserve program are
32 encouraged to take such military training during their vacation from a school
33 assignment. Military leave for reserve training during the school year may be
34 approved upon written request of the commanding officer to the Assistant
35 Superintendent, Certificated Human Resources, indicating the necessity for such t
36 raining at the specified time, knowing that the welfare of students is involved.

37
38 Within six (6) months after the teacher honorably leaves such service or has been
39 placed on inactive duty, he/she shall be entitled to return to the position held by
40 him/her at the time of his/her entrance into such military service at the salary to
41 which he/she would have been entitled had he/she not absented himself/herself
42 from the service of the school district.

43
44 The time spent in military service may count toward retirement under the
45 California State Teachers Retirement System. The Board of Education will make
46 District payments to the retirement system of those who make their contribution to

1 the system either during or immediately following the period of military service if
2 permitted by law.

3
4 Armed Service Medical Examination ~ A unit member may be paid for not more
5 than two (2) days for an absence caused by written notice ordering him/her to
6 report for a physical examination at a given time and place. A unit member
7 requesting an armed service physical examination leave shall file with the
8 Superintendent a written statement of cause indicating location, date, and time of
9 the examination and the issuing authority.

10
11 Military Leave of Absence with Pay ~ The Board of Education authorizes the
12 payment of compensation to all teachers for the first 30 calendar days of military
13 service providing they have served the District for at least one (1) year. Military
14 service may not be counted as District service if the leave is other than temporary.
15 Compensation shall be one-eleventh of the annual salary established for the
16 position.

17
18 Extension of Military Leave of Absence ~ The Board of Education may grant
19 leaves of absence without pay to teachers returning from military leave of
20 absence for the following purposes:

- 21
22 a. Continuance of university work
23
24 b. Resumption of assignment at the beginning of a school year

25
26 3. Maternity Leave, Child-Bonding Leave and Child Care Leave:

- 27
28 a. Maternity leave shall be defined as a leave granted because of disability due
29 to pregnancy. Illness leave may be used by a unit member when she is unable
30 to work because of pregnancy, miscarriage, childbirth, and recovery there-
31 from.
32
33 b. A leave of absence shall be granted to a teacher without pay for the purpose
34 of raising his/her natural or adopted child, for one (1) year. Upon written
35 request, an extension of one (1) additional year shall be granted.
36
37 c. During each school year, any certificated employee who has exhausted all
38 available sick leave, including accumulated sick leave and continues to be
39 absent on account of maternity or paternity leave (child bonding) pursuant to
40 Government Code 12945.2 shall receive, for up to 12 school weeks, his/her
41 regular salary minus the actual cost of a substitute to fill the position or, if no
42 substitute was employed, the amount that would have been paid had a
43 substitute been employed. The 12-week period shall be reduced by any period
44 of sick leave, including accumulated sick leave, taken during a period of such
45 maternity or paternity leave. (Education Code 44977.5)
46

1 This applies equally to male and female certificated employees. To qualify
2 under the California Family Rights Act (CFRA), the employee must have at
3 least 1,250 hours of service with the employer during the previous 12-month
4 period. If a school year ends before the 12-week period is exhausted, the
5 employee may take the balance of the 12-week period in the subsequent
6 school year.

7
8 Application Procedure

- 9
10 a. The beginning date of the leave is determined by the unit member and
11 their physician. The Certificated Human Resources Office shall be notified
12 at least three (3) weeks in advance of the beginning date of the leave,
13 which will be the effective date of the leave barring unforeseen
14 circumstances.
15
16 b. If the unit member's ability to perform their usual duties becomes a
17 concern to the District, the District shall request the unit member and their
18 physician to initiate a leave of absence.
19
20 c. Available sick leave may be used by the unit member during the time they
21 are unable to work.
22
23 d. If the unit member desires to remain on maternity leave for child care
24 purposes after they are able to return to work, the Board of Education may
25 approve such leave without pay for the remainder of the year when
26 maternity occurred and an additional year without pay if requested.

27
28 Return from Leave

- 29
30 a. A request to return from leave must be submitted to the Certificated
31 Human Resources Office.
32
33 b. A physician's statement recommending that the unit member is able to
34 return to service without restrictions shall be submitted with the request to
35 return from leave.
36
37 c. If there is no vacancy due to a request by the teacher to return earlier from
38 leave than the previously declared date of return, the teacher shall be
39 given preferential status for a position when available, as well as day-to-
40 day preferential status as a substitute teacher.

41
42 4. Sick Leave:

43
44 Accumulation of Sick Leave ~ Full-time teachers are allowed ten (10) days of sick
45 leave annually. There is no limit to the number of sick leave days that may be
46 accumulated. If a teacher is employed late or resigns early, sick leave will be
47 prorated. Since sick leave is credited to the teacher's account in advance of

1 accrual, a teacher must reimburse the District for any over-use of sick leave if
2 he/she serves fewer months of employment than the number of days of sick leave
3 he/she has used.

4
5 Use of Sick Leave ~ A unit member that is absent because of illness or injury,
6 after his/her paid sick leave allowance has been exhausted, shall be paid
7 differential pay for a maximum of five (5) school months, no less than the
8 difference between his/her regular salary and the per diem salary of a regular
9 substitute who would be employed to fill his/her position during his/her absence. If
10 at the end of this five (5) school month period in any contractual year the teacher
11 is unable to return to work, he/she shall be placed on a leave of absence without
12 pay.

13
14 An illness or accident, which necessitated the use of the five (5) month differential
15 pay benefit, need not be the same illness or accident which caused the
16 exhaustion of the employee's regular paid sick leave.

17
18 The five (5) month differential pay shall be renewed on an annual basis, in
19 accordance with Education Code 44977.

20
21 No additional sick leave with pay beyond that specified in this section shall be
22 granted without specific authorization of the Board of Education.

23
24 When a teacher of the District has taken sick leave for mental health purposes,
25 upon his/her return and before assuming his/her job responsibilities, he/she shall
26 submit to the Certificated Human Resources Office a written release from the
27 State hospital where he/she was treated or, if treatment was not given at a State

30 such examination.

31
32 The Board of Education or designee, upon probable causes, reserves the right to
33 require a teacher to furnish proper proof of the cause of absence when called
34 upon to do so for absences of five (5) days or less. An affidavit of absence, signed
35 by the teacher's physician, is required for absences of six (6) days or more. Such
36 notification should be submitted to the building principal upon return to duty.

38 Office.

- c. For this situation, sick leave donations shall be made in terms of days and shall be utilized in terms of days.

- h. Donated sick leave used by the recipient shall be used before differential pay is enacted.
- i. Nothing in this section shall be interpreted to entitle an employee to a leave of absence, with or without pay. Entitlement to leave shall be regulated by other applicable provisions of this Agreement.

6. Industrial Accident or Illness Leave:

- a. Industrial accident or illness leave is granted to a teacher who has an accident or illness arising out of and in the course of his/her employment with the District. All teachers, in any one fiscal year for the same accident or illness, shall be entitled to a maximum of sixty (60) days of industrial accident or illness leave during which schools of the District are required to be in session or when the teacher would otherwise have been performing work for the District. Such industrial accident or illness leave shall commence on the first day of absence and shall be reduced by one day for each day authorized absence regardless of a temporary disability indemnity award.
- b. Allowable leave shall not be accumulated from year to year. When an industrial accident or illness occurs at a time when the full sixty (60) days will overlap into the next fiscal year, the teacher shall be entitled to only that amount of unused leave due him/her for the same illness or injury.

- c. During any paid leave of absence, the teacher shall endorse to the District the temporary disability indemnity checks received on account of his/her industrial accident or illness. The District, in turn, shall issue the teacher appropriate salary warrants for payment of teacher's salary and shall deduct normal retirement and other authorized contributions.
- d. Any teacher receiving benefits from an industrial accident or illness shall, during periods of injury or illness, remain with the State of California, unless the Governing Board authorizes travel outside the State.
- e. Upon termination of industrial accident or illness leave, the teacher is entitled to the benefits of illness leave. His/her absence shall be deemed to have commenced on the date of termination of the industrial accident or illness leave, provided that if the teacher continues to receive temporary disability indemnity, he/she may elect to take as much of his/her accumulated sick leave which, when added to his/her temporary disability indemnity, will result in a payment to him/her of not more than his/her full salary.
- f. Industrial accident or illness leave for each occurrence shall cease when temporary disability benefits under worker's compensation laws of the State of California are discontinued for the applicable industrial accident or illness.

7. Bereavement Leave:

A teacher absent from work due to the death of any member of the teacher's immediate family, as defined in Article IV, Section H, shall be allowed full pay for three (3) days of bereavement leave except when travel beyond a three hundred (300) mile radius or out of state is necessary, in which case the leave shall be extended to five (5) days with full pay.

8. Quarantine Leave:

Any teacher may be paid full salary for a period not to exceed ten (10) school days during any school year when the reason for absence is caused by unavoidable quarantine, or when the absence is at the discretion of the authorities of the School District because the teacher has been in contact with a contagious disease. A teacher requesting pay because of quarantine shall file in the Certificated Human Resources Office an exclusion and readmission card issued by the County Health Office.

Specifically, it is not the intent of this policy to cover the teacher who is quarantined because of his/her personal illness. That matter is taken care of by sick leave. For example, a teacher may be away from work because he/she contracted measles is presumed to be on sick leave until such time as a physician or health officer releases him/her to return to work, regardless of whether or not part of such time is required by law and not by being confined to bed.

9. Epidemic Leave:

Every regular teacher shall be entitled full pay during the time schools may be closed because of an epidemic unless the total number of days taught during the year is less than 175.

10. Family and Medical Leave:

Only full-time contract teachers employed at least one (1) school year shall be entitled to this leave.

A teacher shall be entitled up to twelve (12) weeks of unpaid leave during a twelve (12) month period to care for:

- a. the teacher's newborn child or a child placed with the teacher for adoption or foster care
- b. the teacher's spouse, child, or parent (including parent-in-law) with a serious health condition
- c. a teacher's serious health condition

The District shall grant this leave for up to twelve (12) weeks for each twelve (12) calendar months (extending from August 1 through July 31).

When such leave is foreseeable, a teacher shall give the school District thirty (30) days advance written notice. When the leave is not foreseeable, a teacher shall give written notice to the District within one (1) working day of learning of the need for the leave.

The District shall continue all group health coverage plans for a teacher on such leave at the same level of benefits and under the same conditions that existed while the teacher was working. If the school district changes a health plan during a teacher's leave, the change applies to the teacher as if the teacher is still on the job.

The District may require a teacher to report his/her status and intention to return to work.

After a leave, the school district shall reinstate the teacher into the same position held before the leave. If a teacher gives an unequivocal notice of intent not to return to work, the school district's obligation to provide health benefits and to reinstate the teacher ceases. However, this obligation continues up to twelve (12) weeks maximum if the teacher indicates he or she may be unable to return to work but expresses a continuing desire to do so.

1 Upon the teacher's return to work, the school district shall reinstate all benefits at
2 the same level provided when the leave began without any form of re-
3 qualification. Any changes in benefits not based on service during the leave
4 period shall be effective upon the teacher's return to work.
5

6 The District, in providing this leave benefit, shall comply with both the regulations
7 of the Family and Medical Leave Act (FMLA) and applicable California Law. The
8 least restrictive language applicable to the employee in either the State or Federal
9 Act shall be used in cases wherein there is a conflict in language between the
10 two.

14 The Downey Unified School District Board of Education agrees to promptly
15 provide any certificated employee, upon receipt of a jury duty summons, a written
16 statement for submission to the appropriate jury commissioner, certifying the
17 school district does not pay its certificated employees for serving jury duty, thus
18 causing financial hardship for any certificated employee if required to serve. The
19 Board of Education further agrees not to provide any jury commissioner with
20 specific information about any certificated employee's scheduled vacation time or
21 holiday recesses from their work on the job with the school district.
22

23 "The District shall pay per diem salary for any teacher's initial day of legally
24 required jury duty in any county where the court refuses to honor the District's
25 letter. A substitute will be provided for that one day only. The District shall not pay
26 for any subsequent days of required jury service."
27

Teacher(s) should utilize personal necessity or personal business leave for such school visits. The teacher may also utilize time off without pay to conduct such school visits. The teacher shall provide the school district with twenty-four (24) hour notice before making such a school visit during normal work hours.

A unit member using personal necessity leave shall submit the absence verification form certifying that the unit member is using personal necessity leave for a purpose provided in this Article. A teacher shall give his/her immediate supervisor advance notice of personal necessity leave whenever reasonably possible.

In situations where absence is due to subpoena or an official order, the unit member must provide evidence from a certified clerk or authorized officer of a court or other governmental jurisdiction. For such leaves, the unit member shall be granted leave of absence with pay up to the amount of the difference between the teacher’s regular earnings and any amount he/she received for jury or witness fees.

Extension of Personal Necessity Leave may be granted to the member at the discretion of the Superintendent’s designee. Any grievance arising under this Article will be subject to administrative review by appeal of the Association to the Superintendent.

17
18
19

20 **ARTICLE XXI ~ ADULT SCHOOL TEACHERS**
21
22

23 Adult school teachers shall be covered by all Articles of this Agreement, with the
24 exception of, Article IX ~ Hours, Article XIII ~ Class Size, and Article XVII ~ Transfers.
25

26 A. Assignments:

- 27
28 1. Adult Education assignments are based upon enrollment and attendance of
29 voluntary students. As attendance increases or decreases so must staff
30 assignments. When hiring for Adult Education, notice will be given to the
31 department, and first consideration will be given to increasing assignments of
32 currently employed Adult Education bargaining unit members before other
33 applicants are considered. If requested, the teacher will be given the reasons why
34 his/her hours were not increased. When there is a reduction in Adult School
35 Classes, first consideration will be given to maintaining hourly Adult School
36 teachers' hours over K-12 teachers teaching extra hours at the Adult School.
37
38 2. The District may reduce the service of Probationary Adult School teachers for any
39 of the following reasons:
40
41 a. Average daily attendance decline
42
43 b. A particular service or class being reduced or discounted
44
45 c. Conclusion of specific funding
46

1 d. Unsatisfactory performance affecting the instructional program, including
2 special curriculum needs, as evidenced by written evaluation reports
3

4 3. No permanent Adult School teacher may be terminated or reduced while any
5 probationary Adult School teacher or any teacher with less seniority is retained to
6 render a service which said permanent Adult School teacher is certificated and
7 competent to render. The Board shall make assignments and reassignments in
8 such a manner that permanent Adult School teachers shall be retained to render
9 any service which their seniority and qualifications entitle them to render.
10

11 B. Permanency:

12
13 1. Thirty-four and three-quarters (34.75) hours a week is considered a full-time
14 assignment at the Adult School. Twenty-one (21) hours or more per week must be
15 worked to receive permanency.
16

17 2. To attain permanency, an Adult School teacher must teach a minimum of 75% of
18 the regular school year for two (2) consecutive years.
19

20 3. Permanency shall be based on service as is equivalent to the average number of
21 hours per week which Adult School teachers have served during their
22 probationary years. It is not the intent of the District to reduce the hours of second
23 (2nd) year probationary Adult School teachers for the sole purpose of disallowing
24 attainment of permanent status. Adult School teachers who have attained

9 costs.
10

43 the requirement that he/she must obtain his/her tuberculous clearance by the end of
44 that school year.
45

Additional Coaching Stipend Positions:

Should the California Interscholastic Federation (CIF) include new and/or different sports from what is currently recognized by CIF for interscholastic competition and the District agrees to offer such sports programs to the students at one or both high schools, then such positions as necessary and required to coach such sports shall be added. The District and Association shall mutually agree to the stipends for such positions based on comparable stipends/duties as currently described and defined in Appendix A of the Master Collective Bargaining Agreement.

The Consulting Teacher shall retain all rights of bargaining unit members. In addition to the regular salary, a Consulting Teacher shall have a work year that includes an additional five (5) days. Up to an additional five (5) days may be assigned at per diem rate based on program needs. The Consulting Teacher shall receive an annual stipend. This stipend may be prorated if the service is less than one (1) year. Stipends are contingent on continued state funding of the PAR Program.

Upon completion of his/her service as a full-time released Consulting Teacher, a teacher has a right to return to his/her original site if a position is available.

The District shall indemnify and hold harmless individual Consulting Teachers from any lawsuit or claim arising out of the performance of their duties under this program.

Consulting Teachers shall assist Participating Teachers by demonstrating, observing, coaching, conferencing, referring or providing other activities that, in their professional judgment, will assist the Participating Teacher.

The Consulting Teacher shall meet with the Advisory or Intervention Teacher and the administrator to discuss the performance goals, develop the improvement plan and develop a process for determining successful completion of the Advisory or PAR program.

The Consulting Teacher shall conduct multiple observations of the Advisory or Intervention Teacher during classroom instruction, including periodic pre-observation and post-observation conferences.

The Consulting Teacher shall monitor the progress of the Advisory or Intervention Teacher as it relates to the CSTP, and shall provide periodic written reports to the Advisory or Intervention Teacher and administrator for discussion and review. A copy of each of the Consulting Teacher's reports shall be submitted to and discussed with the Advisory or Intervention Teacher to receive his or her signature before it is submitted to the TIP Panel. The Advisory or Intervention Teacher's signing of the report does not necessarily mean agreement, but rather that he or she has received a copy of the report. The Consulting Teacher shall submit the Advisory Form to the TIP Panel.

The Consulting Teacher shall complete the Summary Evaluation Form and shall be signed by the Consulting Teacher and the Principal. Should the principal be in disagreement with the Summary Evaluation written by the Consulting Teacher, the principal shall prepare a separate Summary Evaluation using the Intervention Teacher Summary Evaluation Form for Administrators. The form shall be signed by the Principal, Intervention Teacher, and Consulting Teacher.

The primary purpose of this program is to provide assistance and remediation to those teachers who have participated in the Advisory Phase and have been referred for Intervention by the TIP Panel.

- A. A meeting to create an improvement plan shall occur prior to the Intervention Teacher's participation in PAR. This meeting shall involve the Intervention Teacher, the evaluator who evaluated the teacher, and the Consulting Teacher. The Intervention Teacher may request DEA representation at the meeting.
- B. During the period of assistance, the Intervention Teacher's performance relative to the PAR Program guidelines shall be the joint responsibility of the TIP Panel and Consulting Teacher, in collaboration with the administrator.
- C. Communication and consultation with the administrator shall be ongoing. The Consulting Teacher shall share all written evaluation reports during a conference with the Intervention Teacher at least every six (6) weeks. Copies of the written reports will be provided to the administrator and the TIP Panel.

- D. If at any time during the period of assistance, the TIP Panel determines that the Intervention Teacher is unwilling or unable to meet the standards of performance, the TIP Panel may recommend to the Superintendent/designee an issuance of a notice of unsatisfactory performance per Education Code Section 44938.
- E. At the conclusion of the year of remediation, the TIP Panel shall determine that:
 - 1. The Intervention Teacher is now proficient according to California Standards for the Teaching Profession, or
 - 2. The intervention may be extended to a second year if the TIP Panel believes progress is being made and the Intervention Teacher has a reasonable opportunity to meet the standards with an additional year of support, or
 - 3. Further assistance and remediation will not be successful with reasons in support of this conclusion. The School Board may at such time initiate dismissal proceeding.
- F. The deliberation of the TIP Panel shall be closed and confidential. All decisions shall be based upon the information provided by the Consulting Teacher, the administrator, the Intervention Teacher and the DEA representative.
- G. The results of the Intervention Teacher's participation in the PAR Program shall be made available for placement in his or her personnel file and shall be used in the evaluation of the Intervention Teacher.

Intervention Teacher Due Process Rights:
